

Qliq Card is a social networking company situated in Asaba, Delta state, Nigeria. With the world evolving and with great technologies coming out we aimed to make social and networking world more easier with the Aid of Near-field communication (NFC) Technology we diverse a means to enable us share our business profile, social media networks and all related business or personal info with just a single business card rather that sharing out countless business paper cards.

We have an idea of globalization so that everyone can reach people all around the globe with ease and make their business spread all around the world. For this we are working with latest technologies and with our experts in the company we can easily accomplish our goal.

In such a competitive world customer interaction is one of the most important constraints for any business and we are focus in customer satisfaction as our initial goal with better customer interface. As customers are the entity who promotes business more than other factors, we consider it our one of main aim.

Aim & Motivation

Everyone has a dream of success, grow their business all around but due to lack of knowledge and resources they fail to achieve it. At Qliq Card we guide them with suitable ideas and resources for their business to achieving their goals.
